## INTELLIGENT EQUIPMENT

A range of tools to standardize and simplify ETEST® strip application ensures streamline testing and saves valuable time. These tools simplify reading due to optimized plate inoculation and application in optimal patterns.

### Simplex C76™

Automated applicator to rapidly apply strips to agar plates (90 mm or 150 mm) in predetermined patterns  
• (ref. 559802)

### Retro C80™

Rota-plater to optimize plate inoculation  
• (ref. 559803)

### Nema C88™

Vacuum pen to aspirate the strip and position it on the agar  
• (ref. 559804)
